SWAN Libraries,

The National Change of Address (NCOA) cleanup project will continue through next week.

What will continue 12/26/2018 - 12/28/2018:

- Addition of ZIP+4 and consolidation of Street fields for apartment numbers

What has been completed:

- New addresses added as shown in NCOA database (12/17/2018)
- Status updated to BADADDRESS (12/17/2018)
- Notes containing old address information (12/21/2018)

The remaining work on this project will not involve status updates to user records. For a list of user records updated in the cleanup, see the [NCOA List Your Updated Patrons](#) documentation on the SWAN Support Site.
