

Patron Lookup Tools

Here are three tools you can use to look up patrons.

For SWAN libraries

- Use the [SWAN Patron Lookup Tool](#) to find SWAN patrons during some scheduled outages.
- Use the [Chicago Public Library reciprocal borrower verification](#) page to issue reciprocal borrower cards to CPL patrons.

SWAN patron lookup for non-SWAN libraries

- Use the [patron lookup tool for Non-SWAN Libraries](#)
- You will need a login -- send an email to help@swanlibraries.net with the subject "Patron lookup account request" if you don't have a login.
