

## Cataloging Graphic Novels

Last updated Jul 13, 2021 · Maintained by Claudia Nickson

Please visit the [Graphic Novels](#) [1] page for best practices on cataloging graphic novels.

This is brand new documentation that arose from tickets and questions on how to handle these types of materials.

It's worth mentioning that the confusion usually revolves around the 245 title tag. One of the recommendations is that SWAN records should contain series, volume, and numbering in the 245 field.

We hope you find it useful and would love to hear your feedback, suggestions, and include any examples you may have.
