

SWAN Services

CHANGES TO STAFF & MEMBERSHIP SUPPORT

AARON SKOG

Membership Announcement March 13, 2019

From Aaron Skog, Executive Director of SWAN Services

Introduction

SWAN services will undergo an immediate change to its staffing composition and services arrangement in March 2019.

The SWAN Board has asked for a review of the SWAN organization on how member needs and projects are prioritized, managed, and shared. All SWAN staff support the membership; service to members is pervasive in all work we do.

The Board has requested a review of departmental structure with increased emphasis in areas identified through the strategic planning process:

- commitment to the patron (and staff) experience
- increased consultation, training, and documentation
- cross-functional collaboration (both within SWAN organization and throughout the membership groups)
- streamlined processes
- commitment to data integrity and automated processes
- ease of data reporting and access to actionable data
- responsive/pro-active support
- increased research and development

Following their fiduciary responsibilities, the Board has requested SWAN Management to evaluate positions as they become available, ensuring strategic priorities are addressed in staffing decisions. The SWAN salary and benefits budget for FY20 is funded at the FY19 level.

These priorities require creative solutions and a reallocation of staff to define more effective working relationships both within SWAN and with our members. The success of this plan depends greatly on the ability of SWAN staff to collaborate, work in an agile environment (assignments may shift based on projects), mentor and nurture colleagues, and work toward the common goals of our consortium.

The following transition plan will be fully implemented by July 1, 2019. Job descriptions and performance goals will be reviewed and documented before the end of FY19.

Vision

SWAN will be arranged into four service units:

1. Administration
2. Bibliographic Services
3. Information Technology and Support Services (IT)
4. User Experience

SWAN Administration

Your team will be made up of...

- Aaron Skog, Executive Director
 - Dawne Tortorella, Assistant Director
 - Ginny Blake, Office Manager
 - Grant Halter, Data Analyst (part-time)
 - Helen Pinder, Consultant - Resource Sharing

The addition of Grant Halter as Data Analyst will provide consortium-wide data analysis support to SWAN Administration, highlighting trends and markers for efficiency and service. This position will not be directly involved with membership support, but will help transform library data into a more standardized process across the membership.

Helen Pinder as the Resource Sharing Consultant will work closely within SWAN Administration to support processes and procedures to reconcile ILL and RB activity. Helen, Grant, and Dawne will collaborate on analyzing SWAN resource sharing.

Aaron will oversee the implementation of the organization's 5-year strategic plan through the SWAN tactical plan. The tactical plan will be reviewed quarterly.

SWAN governance and quarterly meetings will be led by SWAN Administration. The Assistant Director will continue to play a support role in SWAN Advisory and User Groups, which are led by specific service units.

SWAN Bibliographic Services

Your team will be made up of...

- Scott Brandwein, Bibliographic Services Manager
 - Angela Puckett, Bibliographic Services Support Specialist
 - Claudia Nickson, Bibliographic Services Consultant
 - Diane Nickolaou, Bibliographic Services Support Specialist
 - Mary Alice Buckley, Bibliographic Services Support Clerk (part-time)
 - Samantha Dietel, Bibliographic Services Consultant
 - Susan Stupar, Bibliographic Services Support Specialist

The Bibliographic Services team will continue to focus on high quality original cataloging, copy cataloging and authority control on the SWAN database to ensure library materials in all formats are discoverable and accessible to customers via online catalog. The SWAN Bibliographic Services Manager and Bibliographic Services Member Consultants will be involved with planning, organizing and implementing projects related to development, oversight, and enhancement of the bibliographic data and processes, including acquisitions, cataloging, and serials.

Membership support of library Symphony Acquisitions, EDI, automated bibliographic 9XX record loading, and Symphony Serials will be supported through a coordinated effort between Bibliographic Services and IT Services.

Cataloging Advisory, Acquisitions and Serials User groups will be led by Bibliographic Services.

SWAN Information Technology & Systems Support

Your team will be made up of...

- Steven Schlewitt, Information Technology & Systems Support Manager
 - David Pacin, Systems Administrator
 - Ian Nosek, Systems Administrator
 - Michael Szarmach, Systems Administrator
 - Rudy Host, Systems Engineer
 - Vickie Totton, Consultant - Systems & Support

The department will undergo a title change to Information Technology & Systems Support. The primary responsibilities include:

- Oversight of the Library Services Platform including scheduled processes, system availability, upgrade scheduling, account creation/management, and configuration.
- Oversight of maintenance, configuration, security, and support of the server and network infrastructure.
- Liaison between client support and internal library services expertise within SWAN.
- Increased development of library platform solutions and tools.

The IT & Systems Support team will oversee the user data within the ILS, coordinating NCOA and record purge updates, periodic user and circulation record changes, and 3rd party services interaction with the Library Services Platform.

Technology and RFID user groups will be led by IT & Systems Support.

SWAN User Experience

Your team will be made up of...

- Tara Wood, User Experience Manager
 - Crystal Vela, Consultant – User Experience
 - Lauren Levaggi, User Experience Specialist
 - Robin Hofstetter, Consultant - Electronic Resources

This team is responsible for facilitating user experience design and implementing/managing experience features on behalf of SWAN. Tara will lead a team consisting of web administration and internal support roles, as well as member advisory and work groups, to form an effective user experience model for the

organization. The goal is to support and assist end-users-- patrons and staff-- in use of SWAN services. This includes interface design, training, outreach, and curriculum development, including web and video-based instruction and support.

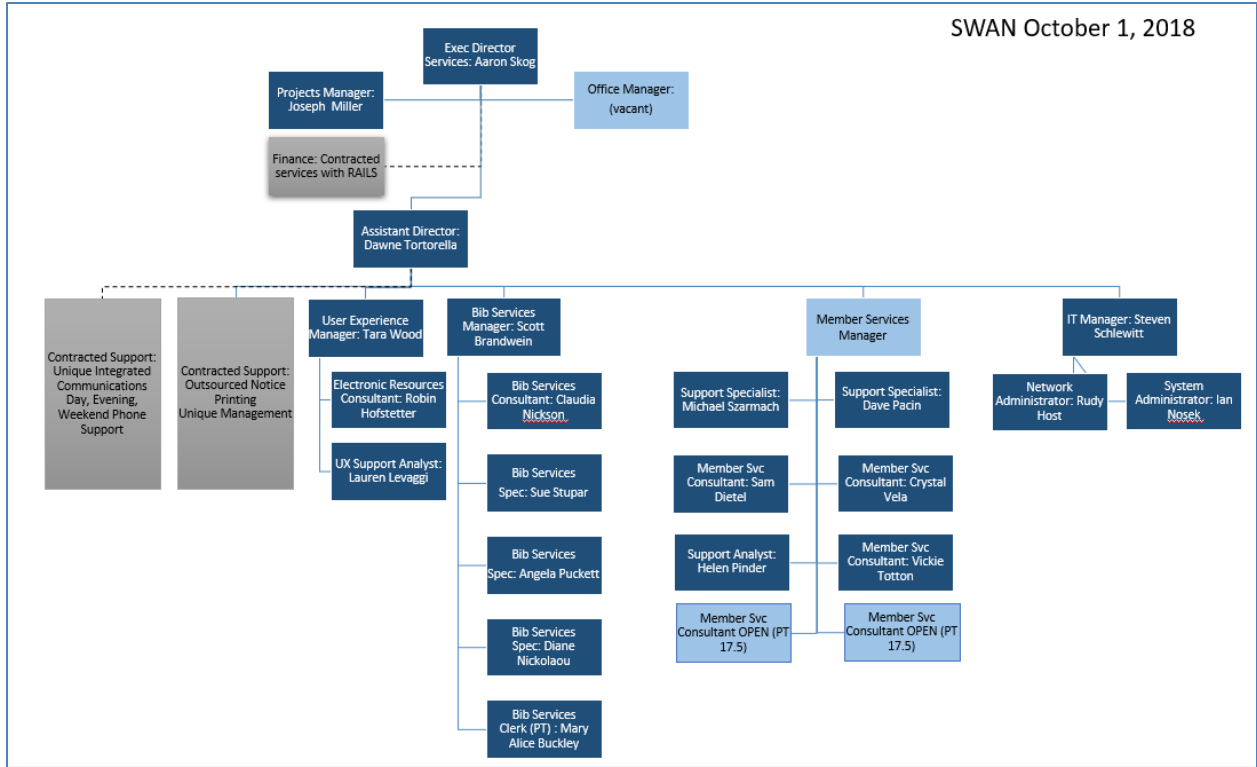

Circulation, Outreach, and Discovery & User Experience advisory groups will be led by User Experience.

SWAN Organization Chart

The organization has taken steps towards the staffing plan goal.

Below is the chart mid-last year.

Our organization as of March 2019 will be structured in the following arrangement, fully implemented for FY20.

Key Areas of Responsibility

User Experience	Bibliographic Services	Information Technology, Infrastructure & Support	Shared
<ul style="list-style-type: none"> • Patron experience/interaction • OPAC • eRC • EDS/Article Search • Mobile • Staff efficiencies and interface with applications (Staff Experience) • Symphony Workflows • BLUEcloud Circ • OCLC WorldShare • Holds Management (user facing) • Web Sites & Content Management • Usability Research 	<ul style="list-style-type: none"> • Cataloging Standards • International • State-wide • SWAN • Management of shared catalog • Holds Management (data/config) • Policy Management (e.g. Location, Item Types, Holding Codes) • Serials • Acquisitions • Vendor accounts • Authority Control • OCLC Holdings & Scoping • PCC Certification • Bibframe Research 	<ul style="list-style-type: none"> • Technology Infrastructure • SWAN Membership • SWAN Organization • Networking and VPN management • 3rd party vendor integration • Vendor negotiations • Security • Account management • Reports & Scheduling • Policy configurations • Support – 1st line of support • Api management & development • Web Services • Participation in Open Source Community 	<ul style="list-style-type: none"> • Projects (including Migrations) • Facilitation of Users Groups, including cross representation • Announcements and news to membership • Training & Documentation • Member engagement/site visits • Member support • Reporting and analysis of data to support decision making • Professional Development • Targeted R&D <p>Assistant Director</p> <ul style="list-style-type: none"> • Quarterly Billing • Data Analysis • Resource Sharing

Background Information on the Position Changes

Goals of the FY20 Budget

The personnel budget was not increased, therefore unfilled positions will remain as such. No staff benefits were changed within the FY20 budget. We expect to complete the annual review and merit process in the same timeframe of June/July 2019. The strategic alignment of staff and positions will enable continued merit increases based on performance.

Project Management

SWAN will undertake project management through the management team. Steven Schlewitt is completing project management certification sponsored by SWAN. The Project Manager position will remain unfilled.

Cross Functional Teams

SWAN will continue to assign cross-functional project teams for major projects, as well as continue and enhance our internal working teams. These teams include: Acquisitions (including SirsiDynix Strategic Partner), Analytics, API, and management working teams. A Consultants team will be added to facilitate cross-departmental problem-solving and surfacing of priorities. Teams will have monthly formal meeting times and will track topics/work within Asana.

Research & Development

To meet the needs of the organization and our SWAN membership, increased research, learning, and development efforts are required. Design research, metadata, data analytics and visualization, and application development - including open source represent areas we will be pursuing. This research and development activity will inform projects and directions outlined in the SWAN Strategic Plan.
