# Non-resident Users Under 18

[Public Act 102-0843](#)

## Library Cards & Services for Nonresidents

Approximately one million people in Illinois do not have access to public library services, because they are not taxed for library service by a local governing agency.

These untaxed Illinois residents are referred to as "nonresidents" in the [Illinois Library Laws and Rules](#).

[A nonresident FAQ](#) is available from the Illinois State Library. This document answers many questions related to nonresident services.

Access to public libraries is a crucial part of early childhood literacy, lifelong learning and academic success. People in Illinois who do not live within a library service area are at a disadvantage with other states that have universal service when they compete for college admission or jobs throughout their lives.

# Monthly Patron Review – 9-Years Inactive

Count of Patrons eligible for removal (9+ years inactive with < \$100 in bills)

# IPLAR Patron Counts

- Monthly patron records are removed from the system that have been inactive for 10 years. Starting in August 2022, the period will be 9 years.
- Through NCOA and ongoing removal of inactive patron accounts, you may have noticed a reduction in your count of registered patrons from prior years.
- IPLAR Note: Files should have been purged within the past three (3) years.
  - This occurs monthly automatically.

You can note the following as an explanation on your IPLAR form:

We have moved to a monthly removal process for inactive accounts to protect patron privacy. Also, we ran a National Change of Address verification to remove out-of-district patrons in December 2021. These actions have resulted in a reduction in total resident card count.

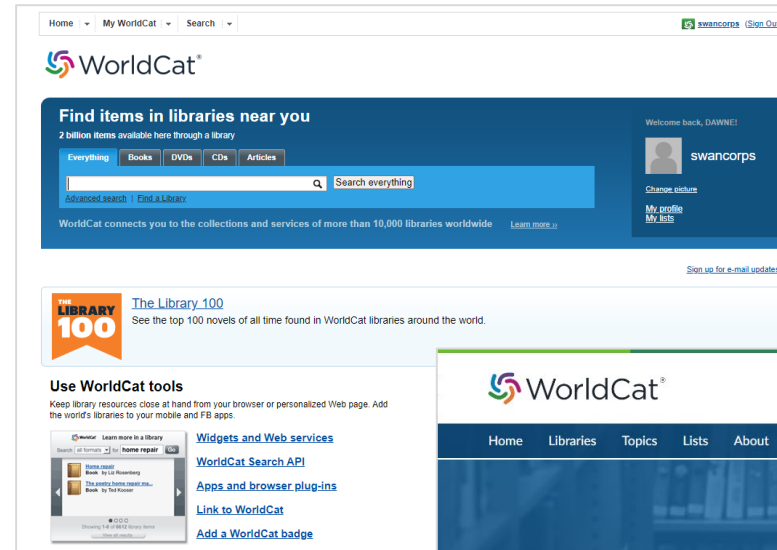

# New WorldCat & WorldShare ILL Stats

# New WorldCat (August 2022)

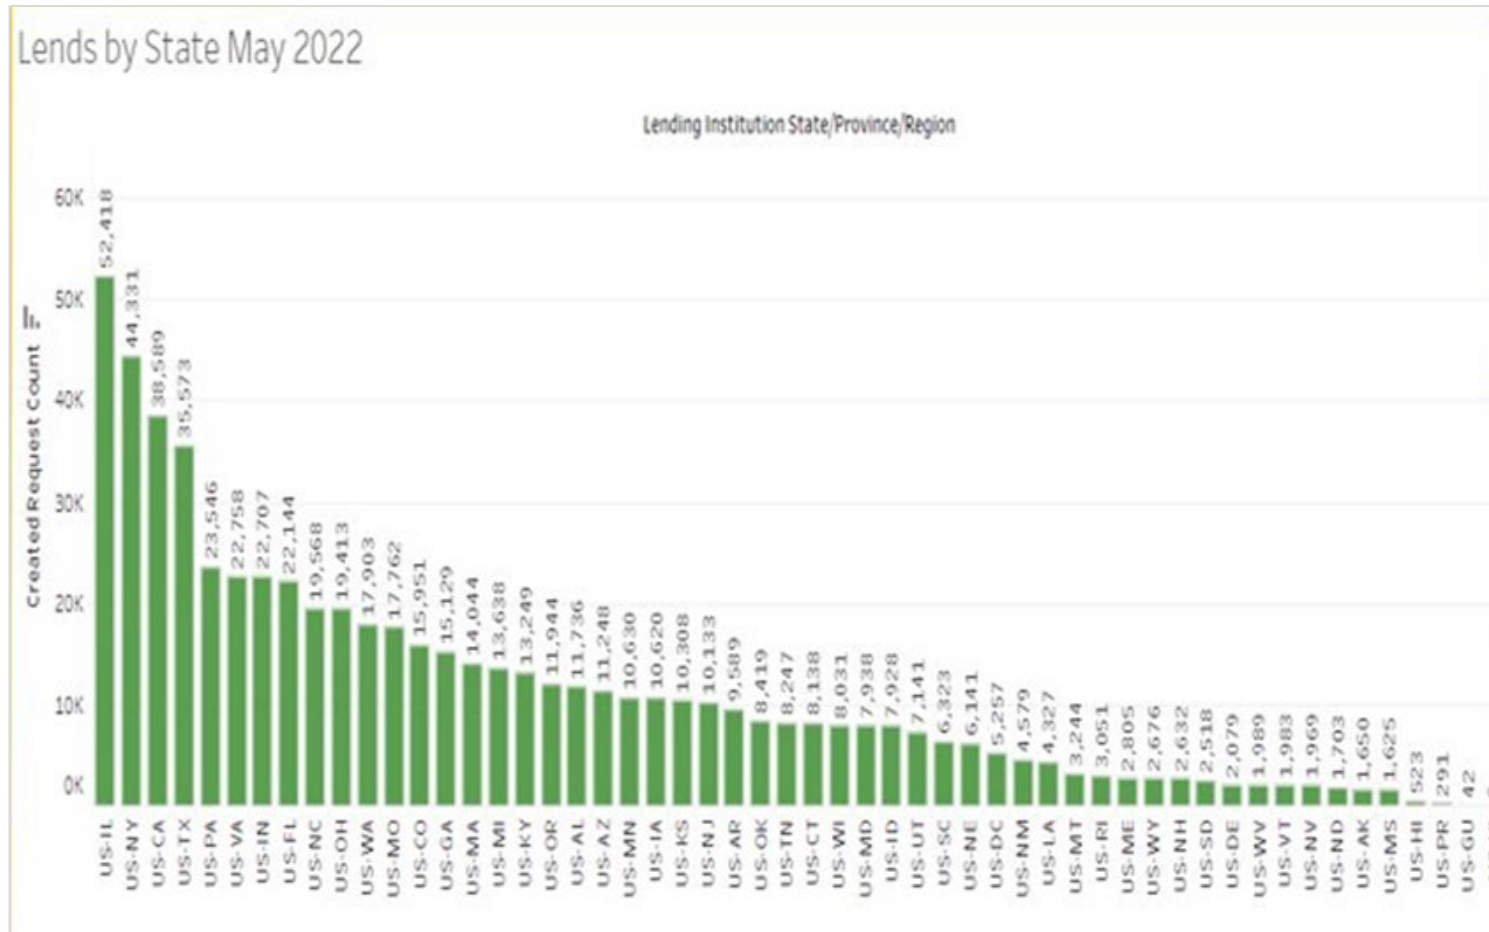

## Impact on SWAN Libraries

- Library card sign-up link
- Feature lists and topics of interest
- Not a replacement or in competition with Aspen
- Links to our Aspen catalog on all holdings
- WorldCat Discovery will continue as gateway for ILL requests

Look for webinar announcements later this summer. SWAN staff will provide front-line training, support, and config.

# WorldShare ILL Activity by State, May 2022

- Illinois led the country in both lending and borrowing
- Illinois is a net-lender
- So far in 2022, Illinois filled most requests within own state (so far 79,420)
- OCLC WorldShare ILL is, by far, the most used resource sharing platform in Illinois

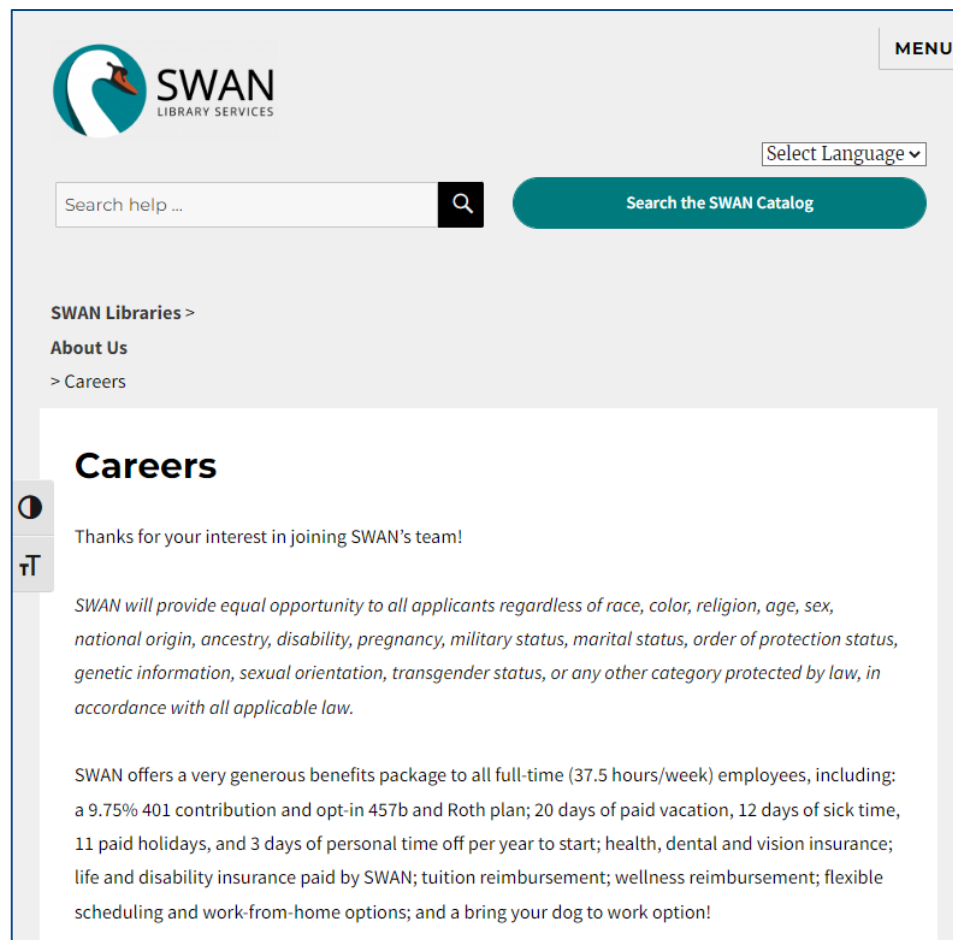

Statistics provided by OCLC - See: [https://www.oclc.org/community/discussions/interlibrary\\_loan.topic.html/oclc\\_ill\\_activitybystate-LfEe.en.html](https://www.oclc.org/community/discussions/interlibrary_loan.topic.html/oclc_ill_activitybystate-LfEe.en.html)

Search is expected to begin this week. See [SWAN's Career Page](https://swanlibraries.net/about-us/careers)  
[swanlibraries.net/about-us/careers](https://swanlibraries.net/about-us/careers)

The screenshot shows the SWAN Library Services website. At the top left is the SWAN logo (a stylized swan head) and the text "SWAN LIBRARY SERVICES". To the right is a "MENU" button. Below the logo is a search bar with the placeholder text "Search help ..." and a magnifying glass icon. To the right of the search bar is a "Select Language" dropdown menu. Below the search bar is a teal button labeled "Search the SWAN Catalog".

The main content area shows a breadcrumb trail: "SWAN Libraries > About Us > Careers". Below this is a section titled "Careers" with a sub-header "Thanks for your interest in joining SWAN's team!". The text reads: "SWAN will provide equal opportunity to all applicants regardless of race, color, religion, age, sex, national origin, ancestry, disability, pregnancy, military status, marital status, order of protection status, genetic information, sexual orientation, transgender status, or any other category protected by law, in accordance with all applicable law."

# E-Resources

# EBSCO database subscription 2022/2023

New database links are available!

1. See the [patron site](#) or [SWAN support site](#) for URLs
2. Update database links on your websites

If your library didn't change your subscription, you don't need to do anything.

# Aspen

## Aspen Tip of the Month

Start exploring masquerade mode!

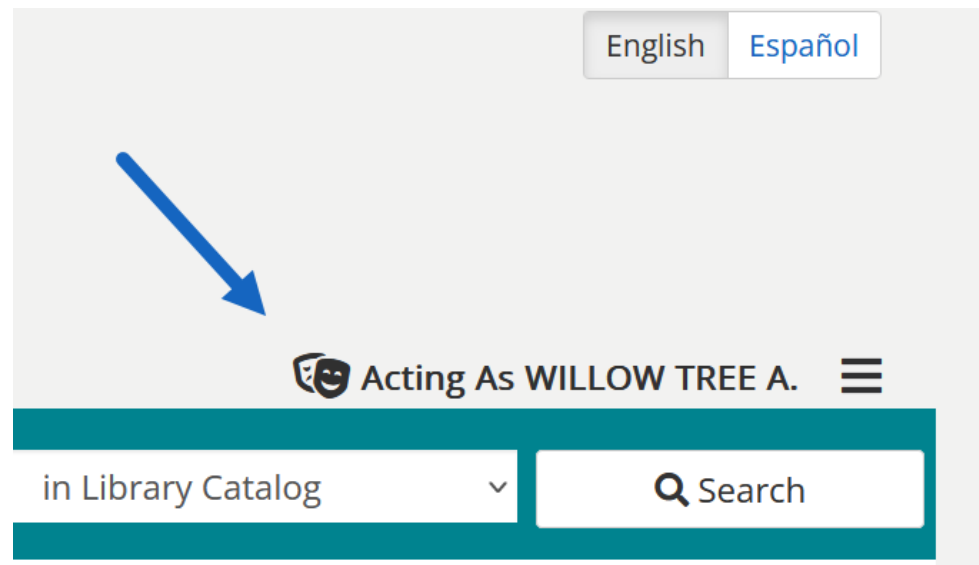

If you haven't tried out masquerade mode yet, it is great!

- No need to switch between the catalog and WorkFlows
- Great for a dual-monitor public service desk
- You see what the patron sees – place in queue, frozen holds, ratings, linked accounts, and more

## How to use masquerade mode

- Get the OPACREF login from your director
- Account > Masquerade
- Scan the patron barcode

# Member Engagement
