

DUX New Year's Resolutions

What would you like to see DUX work on over the next year?

- Improve the app experience
- Visual design improvements
- Improvements to lists
- Accessibility improvements

Are there UX techniques/topics you would like to further research?

- Survey design, evaluation of programs, etc.
- UX research techniques

What are some areas of patron experience you would like to better understand?

- How often/how are people using filters?
- How/if people are accessing databases? What are some better ways to connect patrons to resources?
- Grouped records – do people get them?
- Usability of call numbers
- Finding new items (using call number, in a different place)
